

# Territorial Acknowledgement Resource Bundle

Find resources that help you deepen your understanding of territorial acknowledgments and assist you in creating your own.

Questions regarding territorial acknowledgements are one of the most common curiosity's and one of the first steps in committing to the journey of Truth & Reconciliation. Therefore, we have compiled a Territorial Acknowledgement resource bundle for you, to explore at your convenience, that will not only support you to enhance your understanding of the importance of territorial acknowledgements, but will also support you in creating and refining your own. This resource bundle has something for everyone's learning style!

## Watch & listen:

[Transformative Territorial Acknowledgements Webinar](#) – With Len Pierre Consulting

Do you ever wonder why we do the territory acknowledgement? Do you wonder why some people read from a script and some speak from the heart? Would you like to add more meaning to your own Territory Acknowledgement in your professional practice?

This session aims to answer all of your questions about territory acknowledgements.

Also check the [Accompanying handout](#) as well as the [Transformative Territory Acknowledgement Guide](#).
