

ANYWHERE ANYTIME FUN  
WINTER 2025/26

# BC Accessible Adventure List

## Fun things to do for everyone, from anywhere.

When was the last time you visited your local library (in person or online). There are accessible reading options in the Okanagan. There are designated “maker-spaces” or “creation stations” throughout the province. Check them out:

### Okanagan Regional Library (ORL)

The ORL system has “Makerspaces” or “Creation Stations” available at multiple branches, including Kelowna Downtown, Kelowna Rutland, Vernon, Lumby, Golden, Revelstoke, and the Westside Learning Lab. Equipment often includes 3D printers, Cricut machines, sewing machines, and audio/video recording equipment.

### Penticton Public Library

This library has a dedicated makerspace featuring 3D printing services, software for design, and tutorials.

### Powell River Public Library

This library features a “Rotary MakerSpace” that hosts various programs and activities.

### Richmond Public Library

The Richmond Public Library offers a “Launchpad” with tools for digital creation.

### Salt Spring Island Public Library

This library offers a “FabLab” equipped with 3D printers.

### Vancouver Public Library (VPL)

VPL offers “Inspiration Labs” at its Central Library and nə̄ca?mat ct Strathcona branches. These are free spaces dedicated to digital creativity, collaboration, and storytelling, featuring high-performance computers, sound studios, and self-publishing software.
